Message:

The attached [Independent Living Program \(ILP\)](#) Matrix has been created in an effort to assist staff with determining eligibility for current and former foster care youth for the various Chafee ILP services. The Matrix can be used during transition planning with a young person to help determine service eligibility and guide decisions.

The second page of the Matrix provides a brief description of the services available, eligibility criteria, forms required to access Chafee ILP services, and department service codes. This page provides a brief explanation of who is responsible for service oversight and program management.

The intent of the Chafee ILP services is to assist those youth expected to age out of the foster care system.
