POLICY

ELIGIBILITY FOR SHELTER CARE

413-080-0020 The State Office for Services to Children and Families may place a child in a certified shelter home or licensed shelter care facility and compensate the care provider at the appropriate shelter care rate if the child's circumstances meet one of the following criteria:

(1) The child would be in danger if allowed to remain at home until a regular placement can be arranged.

(2) The child has problems which cannot be adequately assessed while at home, and close and objective observation of the child's day-to-day behavior is needed in order to

evaluate the reasons for the behavior and to determine the child's need for care and treatment.

(3) A child whose substitute care placement has failed or has been temporarily disrupted and must have an interim placement while arrangements are made for another regular placement. SOSCF will not use shelter care for this purpose if the child can be transitioned directly into a regular placement.

(4) A Family Shelter Home is appropriate for any child who meets the criteria for family foster care placement.

(5) A Professional Shelter Care Center is appropriate for children who need:

(a) More intensive supervision and skilled behavior management than family shelter care provides and who require an assessment to determine whether or not a child should be returned to his/her family or placed in substitute care;

(b) Emergency 24-hour care where family shelter care is not available nor appropriate;

(c) Treatment planning for a child apart from his/her family.

LENGTH OF STAY CONSTRAINTS

413-080-0030 Planning for children in shelter care shall receive top priority. A child shall not remain in shelter care longer than necessary as determined by the branch, and shall not exceed the maximum time frame listed below:

(2) Professional Shelter Care. The maximum length of stay in a professional shelter care center will be 56 days unless the regional administrator or designee approves an exception.
