REPEAL:

There are several language changes being made to Child Protective Services (CPS) rules in order to clarify the intent of existing CPS rules and guide best practice. In achieving this outcome, some definitions were modified and/or expanded. This includes clarification of time lines and an increase from three to five days for one documentation requirement. In addition, there is a deletion of a dated reference to a form that is no longer used. These rules are also being amended to reflect new Department terminology and to correct formatting, punctuation, and spelling.
