Message: At the request of field staff a new HH Type of REP has been added to FSMIS. REP will be used as an identifier for food stamp cases where recipients of Social Security Administration (SSA) benefits have a Representative Payee who is paid up to \$25 a month for providing the service.

The allowable Representative Payee fee is excluded for FS. A discrepancy occurs each year when the SSA benefits increase due to the COLA. The REP HH Type is entered by the worker and will be used each January for Central Office to pull reports for workers to correct the discrepancies.
