(f) Prior to the move, the facility must orally review the notice and right to object with the resident or legal representative and determine if a hearing is requested. 411-054-0110 Conditions

(Adopted 11/1/2007)

(1) Conditions may be attached to a license upon a finding that:

- (a) Information on the application or inspection requires a condition to protect the health and safety of residents;
- (b) There exists a threat to the health, safety, and welfare of a resident;
- (c) There is reliable evidence of abuse, neglect, or exploitation; or
- (d) The facility is not being operated in compliance with these rules.

(2) Conditions that may be imposed on a licensee include, but are not limited to:

- (a) Restricting the total number of residents;
- (b) Restricting the number and impairment level of residents based upon the capacity of the licensee and staff to meet the health and safety needs of all residents;
- (c) Requiring additional staff or staff qualifications;
- (d) Requiring additional training for staff;

(e) Requiring additional documentation; or

(f) Restriction of admissions.

(3) **IMPENDING IMPOSITION OF LICENSE CONDITION.** Except where the threat to residents is so imminent that SPD determines that it is not safe or practical to give the facility advance notice, SPD will provide the licensee with a Notice of Impending Imposition of License Condition (Notice) at least 48 hours prior to issuing an Order Imposing License Condition (Order). The Notice may be provided in writing, sent by certified or registered mail to the licensee, or provided orally in person or by telephone to the licensee or to the person represented by facility staff to be in charge at the facility. When the Notice is delivered orally, SPD must subsequently provide written notice to the licensee by registered or certified mail. The Notice must:

(a) Generally describe the acts or omissions of the licensee and the circumstances that led to the finding that the imposition of a license condition is warranted;

(b) Generally describe why the acts or omissions and the circumstances create a situation for which the imposition of a condition is warranted;

(c) Provide a brief statement identifying the nature of the impending condition;

(d) Identify a person at SPD whom the licensee may contact and who is authorized to enter the Order or to make recommendations regarding issuance of the Order;

(e) Specify the date and time an informal conference will be held, if requested by the licensee; and

(f) Specify the date and time the Order will take effect.

(4) **INFORMAL CONFERENCE.** If an informal conference is requested, the conference will be held at a location designated by SPD. If determined to be appropriate by SPD, the conference may be held by telephone.

(a) With Notice. If a Notice is issued, the licensee must be provided with an opportunity for an informal conference to object to SPD's proposed action before the condition is scheduled to take effect. The Order Imposing License Condition may be issued at any time after the informal conference.

(b) Without Notice. If an Order is issued without a prior Notice, the licensee may request an immediate informal conference to object to SPD's action.

(c) Licensees may also request a contested case hearing as set forth in section (5) of this rule.

(5) ORDER IMPOSING LICENSE CONDITION. When an Order is issued, SPD must serve the Order to the licensee either personally or by registered or certified mail. The Order must include the following statements:

(a) The authority and jurisdiction under which the condition is being issued;

(b) A reference to the particular sections of the statute and administrative rules involved;

(c) The effective date of the condition;

(d) A short and plain statement of the nature of the matters asserted or charged;

(e) The specific terms of the license condition;

(f) Statement of the licensee's right to request a hearing;

(g) That the licensee may elect to be represented by counsel and to respond and present evidence and argument on all issues involved. If the licensee is to be represented by counsel, the licensee must notify SPD;

(h) That, if a request for hearing is not received by SPD within 21 days of the date of the Order, the licensee will have waived the right to a hearing under ORS chapter 183;

(i) Findings of specific acts or omissions of the licensee that are grounds for the condition, and the reasons these acts or omissions create a situation for which the imposition of a license condition is warranted; and

(j) That SPD may combine the hearing on the Order with any other SPD proceeding affecting the licensee. The procedures for the combined proceeding must be those applicable to the other proceedings affecting the license.

(6) A licensee who has been ordered to restrict admissions to a facility must immediately post a "Restriction of Admissions Notice" that is provided by SPD, on both the inside and outside faces of each door of the facility through which any person enters or exits a facility. The notices must not be removed, altered or obscured until SPD has lifted the restriction.

(7) HEARING.

(a) Right to Hearing. If SPD imposes an Order, the licensee is entitled to a contested case hearing pursuant to ORS chapter 183.

(b) Hearing Request. SPD must receive the licensee's request for a hearing within 21 days of the date of Order. If a request for hearing is not received by SPD within 21 days of the date of the Order, the licensee will have waived the right to a hearing under ORS chapter 183.

(c) Date of Hearing. When a timely request for hearing is received, the hearing will be held as soon as practical.

(8) REQUEST FOR REINSPECTION. When the licensee determines the circumstances leading to imposition of the condition no longer exist, and that effective systems are in place to help ensure similar deficiencies do not recur, the licensee may make written request to SPD for a reinspection. SPD must conduct the reinspection within fifteen working days following receipt of the written request.

(9) REINSPECTION.

(a) If SPD finds that the situation for which the condition was imposed has been corrected, and finds that systems are in place to ensure similar deficiencies do not recur, the condition will be withdrawn. SPD will notify the facility by telephone, within five working days from the completion of the reinspection, of the decision to withdraw the condition. Telephone notification will be followed by written notification.

(b) If SPD determines, after a reinspection, that the situation for which the condition was imposed continues to exist, the license condition will not be withdrawn and SPD is not obligated to reinspect again for at least 45 days. A decision not to withdraw the Order must be given to the licensee in writing and the licensee must be informed of the right to a contested case hearing pursuant to ORS chapter 183. Nothing in this rule is intended to limit SPD's authority to visit or inspect the facility at any time.

(10) **EXCEPTIONS TO ORDER IMPOSING LICENSE CONDITION.** When a restriction of admissions is in effect pursuant to an Order, SPD, in its sole discretion, may authorize the facility to admit new residents for whom SPD determines that alternate placement is not feasible.

(11) Conditions may be imposed for the duration of the licensure period (two years) or limited to some other shorter period of time. If the condition corresponds to the licensing period, the reasons for the condition will be considered at the time of renewal to determine if the conditions are still appropriate. The effective date and expiration date of the condition will be indicated on the attachment to the license.

(A) To impose this civil penalty, the Division shall establish that:

(i) The abuse arose from deliberate or other than accidental action or inaction;

(ii) The conduct resulting in the abuse was likely to cause death, serious injury, rape, or sexual abuse of a resident; and

(iii) The person substantiated for the abuse had a duty of care toward the resident.

(B) For the purposes of this civil penalty, the following definitions apply:

(i) "Serious injury" means a physical injury that creates a substantial risk of death or that causes serious disfigurement, prolonged impairment of health, or

Class II violations may result in imposition of a fine for violations found on two consecutive monitorings of the facility.

(d) A Class III violation exists when there is non-compliance with the license requirements relating to building requirements and resident furnishings. Class III violations may result in imposition of a fine for violations found on two consecutive monitorings of the facility.

(5) For purposes of this rule, a monitoring occurs when a residential care or assisted living facility is surveyed, inspected, or investigated by an employee or designee of the Division or an employee or designee of the State Fire Marshal.

(6) In imposing a penalty pursuant to section (4) of this rule, the Assistant Director of the Division shall consider the following factors:

(a) The past history of the person incurring a penalty in taking all feasible steps or procedures necessary or appropriate to correct any violation;

(c) The economic and financial conditions of the person incurring the penalty; and

(d) The immediacy and extent that the violation threatens the health, safety, and well-being of residents.

(10) If the person notified fails to request a hearing within 10 days, an order may be entered by the Division assessing a civil penalty.

(11) If, after a hearing, the person is found to be in violation of a license, rule, or order listed in ORS 441.710(1), an order may be entered by the Division assessing a civil penalty.

(12) A civil penalty imposed under ORS 443.455 or 441.710 may be remitted or reduced upon such terms and conditions as the Assistant Director of the Division considers proper and consistent with the public health and safety.

(13) If the order is not appealed, the amount of the penalty is payable within 10 days after the order is entered. If the order is appealed and is sustained, the amount of the penalty is payable within 10 days after the court decision. The order, if not appealed or sustained on appeal, shall constitute a judgment and may be filed in accordance with the provisions of ORS 18.005 to 18.428.
