OREGON ADMINISTRATIVE RULES**

**CHAPTER 411
DIVISION 300**

**CHILDREN'S INTENSIVE IN-HOME SERVICES,
BEHAVIOR PROGRAM**

411-300-0100 Statement of Purpose

(Amended 12/28/2013)

(1) The rules in OAR chapter 411, division 300 establish the policy of, and prescribe the standards and procedures for, the provision of children's intensive in-home services (CIIS) for children in the ICF/MR Behavioral Waiver. These rules are established to ensure that CIIS augment and support independence, empowerment, dignity, and development of children through the provision of flexible and efficient services to eligible families.

(2) CIIS are exclusively intended to enable a child with an intellectual or developmental disability and intense behaviors to have a permanent and stable familial relationship. CIIS are intended to support, not supplant, a child's natural supports and services provided by the child's family and provide the support necessary to enable the family to meet the needs of caring for a child who meets the eligibility criteria for CIIS.

(14) Medicaid funds are the payor of last resort. The provider or billing provider must bill all third party resources until all third party resources are exhausted.

(15) The Department reserves the right to make a claim against any third party payer before or after making payment to the provider of CIIS.

(16) The Department may void without cause prior authorizations that have been issued.

(17) Upon submission of the billing form for payment, the provider must comply with:

- (c) Title II and Title III of the Americans with Disabilities Act of 1991;
and
- (d) Title VI of the Civil Rights Act of 1964.

(18) All billings must be for CIIS provided within the provider's licensure.

(19) The provider must submit true and accurate information on the billing form. Use of a billing provider does not replace the provider's responsibility for the truth and accuracy of submitted information.

(20) No person shall submit to the Department:

- (a) A false billing form for payment;
- (b) A billing form for payment that has been, or is expected to be, paid by another source; or

(22) Payments may be denied if any provisions of these rules are not complied with.

(23) The Department recoups all overpayments.

411-300-0205 Complaints

(Amended 12/28/2013)

(1) COMPLAINTS. The Department shall address all complaints in accordance with the Department's written policies, procedures, and rules. Copies of the procedures for resolving complaints shall be maintained on file at the Department. At a minimum, these policies and procedures shall address:

(a) Informal resolution. The child's parent has an opportunity to informally discuss and resolve any complaint regarding action taken by the Department that is contrary to law, rule, or policy and that does not meet the criteria for an abuse investigation. Choosing an informal resolution does not preclude the parent from pursuing resolution through formal complaint processes.

(b) Receipt of complaints. The Department shall maintain a log of all complaints regarding the provision of CIIS received via phone calls, e-mails, or writing.

(A) At a minimum, the complaint log shall include:

- (i) The date the complaint was received;
- (ii) The name of the person taking the complaint;
- (iii) The nature of the complaint;
- (iv) The name of the person making the complaint, if known; and
- (v) The disposition of the complaint.

(B) Child welfare and law enforcement reports of abuse or neglect shall be maintained separately from the central complaint and grievance log.

(c) Response to complaints. Department staff response to the complaint must be provided within five working days following receipt of the complaint and must include an investigation of the facts supporting or disproving the complaint. Any agreement to resolve the complaint must be in writing and must be specifically approved by the complainant. The Department shall provide the complainant with a copy of the agreement.

(d) Review. A manager of the Department must review the complaint if the complaint involves Department staff or services or if the complaint is not, or may not, be resolved with Department staff. The manager's response to the complaint must be made in writing within 30 days following receipt of the complaint and include a response to the complaint as described in subsection (1)(c) of this section.

(e) Third-party review when complaints are not resolved by a Department manager. Unless the complainant is a Medicaid recipient who has elected to initiate the hearing process according to OAR 411-300-0210, a complaint involving the provision of service or a service provider may be submitted to the Department for an administrative review.

(A) The complainant must submit to the Department a request for an administrative review within 15 days from the date of the decision by the Department manager.

(B) Upon receipt of a request for an administrative review, the Department's director shall appoint an Administrative Review Committee and name the chairperson. The Administrative Review Committee shall be comprised of two representatives of the Department. Committee representatives may not have any direct involvement in the provision of services to the complainant or have a conflict of interest in the specific case being reviewed.

(C) The Administrative Review Committee must review the complaint and the decision by the Department manager and make a recommendation to the Department's director within 45 days of receipt of the complaint, unless the complainant and the Administrative Review Committee mutually agree to an extension.

(D) The Department's director shall consider the report and recommendations of the Administrative Review Committee and make a final decision. The decision must be in writing and issued within 10 days of receipt of the recommendation by the Administrative Review Committee. The written decision must contain the rationale for the decision.

(E) The decision of the Department's director is final. Any further review is pursuant to the provision of ORS 183.484 for judicial review.

(f) Documentation of complaint. Documentation of each complaint and the resolution of the complaint must be filed or noted in the complainant's record.

(2) NOTIFICATION. Upon enrollment and annually thereafter, the Department must inform each child's parent orally and in writing, using language, format, and methods of communication appropriate to the parent's needs and abilities, of the following:

(Amended 12/28/2013)

(1) HEARING RIGHTS. Each time the Department takes an action to deny, terminate, suspend, or reduce a child's access to services covered under Medicaid, the Department shall notify the child's parent of the right to a hearing and the method to request a hearing. The Department shall mail the notice by certified mail or personally serve the notice to the parent 10 days or more prior to the effective date of the action.

(a) The Department shall use the Notice of Hearing Rights or a comparable Department-approved form. A notice of hearing rights is not required if an action is part of, or fully consistent with, a child's ISP, or the child's parent has agreed with the action by signature to the ISP. The notice of hearing rights shall be given directly to the parent when the ISP is signed.

(b) The child's parent may appeal a denial of a request for additional or different services only if the request has been made in writing and submitted to the address on the notice to expedite the process.

(c) A notice required by this section of this rule must include:

(A) The action the Department intends to take;

(B) The reasons for the intended action;

(C) The specific Oregon administrative rules that supports, or the change in federal or state law that requires, the action;

(D) The appealing party's right to request a hearing in accordance with OAR chapter 137, Oregon Attorney General's

Model Rules, ORS chapter 183, and 42 CFR Part 431, Subpart E;

(E) A statement that the Department files on the subject of the hearing automatically becoming part of the hearing record upon default for the purpose of making a prima facie case;

(F) A statement that the actions specified in the notice shall take effect by default if the Department representative does not receive a request for hearing from the party within 45 days from the date that the Department mails the notice of action;

(G) In cases of an action based upon a change in law, the circumstances under which a hearing shall be granted; and

(H) An explanation of the circumstances under which CIIS shall be continued if a hearing is requested.

(d) If the child's parent disagrees with the decision or proposed action of the Department to deny, terminate, suspend, or reduce a child's access to services covered under Medicaid, the parent may request a hearing as provided in ORS chapter 183. The request for a hearing must be in writing on form DHS 443 and signed by the parent. The signed form (DHS 443) must be received by the Department within 45 days from the date of the Department's notice of action.

(e) The child's parent may request an expedited hearing if the parent feels that there is an immediate, serious threat to the child's life or health if the normal timing of the hearing process is followed.

(f) If the child's parent requests a hearing before the effective date of the proposed actions and requests that the existing services be continued, the Department shall continue the services.

(A) The Department shall continue the services until whichever of the following occurs first:

(i) The current authorization expires;

(ii) The administrative law judge issues a proposed order and the Department issues a final order; or

(iii) The child is no longer eligible for Medicaid benefits.

(B) The Department shall notify the child's parent that the Department is continuing the service. The notice shall inform the parent that if the hearing is resolved against the child, the Department may recover the cost of any services continued after the effective date of the continuation notice.

(g) The Department may reinstate services if:

(A) The Department takes an action without providing the required notice and the child's parent requests a hearing;

(B) The Department fails to provide the notice in the time required in this rule and the child's parent requests a hearing within 10 days of the mailing of the notice of action; or

(C) The post office returns mail directed to the child's parent but the location of the parent becomes known during the time that the child is still eligible for services.

(h) The Department shall promptly correct the action taken up to the limit of the original authorization, retroactive to the date the action was taken, if the hearing decision is favorable to the child or the Department decides in the child's favor before the hearing.

(i) The Department representative and the child's parent may have an informal conference, without the presence of the administrative law judge, to discuss any of the matters listed in OAR 137-003-0575. The informal conference may also be used to:

(A) Provide an opportunity for the Department and the child's parent to settle the matter;

(B) Ensure the child's parent understands the reason for the action that is the subject of the hearing request;

(C) Give the child's parent an opportunity to review the information that is the basis for that action;

(D) Inform the child's parent of the rules that serve as the basis for the contested action;

(E) Give the child's parent and the Department the chance to correct any misunderstanding of the facts;

(F) Determine if the child's parent wishes to have any witness subpoenas issued; and

(G) Give the Department an opportunity to review the Department's action.

(j) The child's parent may, at any time prior to the hearing date, request an additional conference with the Department representative. At the Department representative's discretion, the Department representative may grant an additional conference if the additional conference facilitates the hearing process.

(k) The Department may provide the child's parent the relief sought at any time before the final order is issued.

(l) A child's parent may withdraw a hearing request at any time prior to the issuance of a final order. The withdrawal shall be effective on the date the Department or the Office of Administrative Hearings receives the request for withdrawal. The Department shall issue a final order confirming the withdrawal to the last known address of the parent. The parent may cancel the withdrawal up to 10 working days following the date the final order is issued.

(2) PROPOSED AND FINAL ORDERS.

(a) In a contested case, the administrative law judge must serve a proposed order on the child and the Department.

(b) If the administrative law judge issues a proposed order that is adverse to the child, the child's parent may file an exception to the proposed order to be considered by the Department. The exception

must be in writing and must be received by the Department no later than 10 days after service of the proposed order. The parent may not submit additional evidence after this period unless the Department grants prior approval.

(c) After receiving the exception, the Department may adopt the proposed order as the final order or may prepare a new order. Prior to issuing the final order, the Department may issue an amended proposed order.

(3) The provider or billing provider must submit relevant documentation to the Department within five working days at the request of the Department when a hearing has been requested.
