**Action Required:**

Workers with clients receiving Medicaid-funded service at Cascade View Nursing Center must change the provider number on the MMIS plan of care.

**Effective April 1, 2010 - New MMIS Provider Number: 500620741**

Cascade View Nursing Center  
119 SE Wilson Avenue  
Bend, OR 97702

Following are steps to update POC with the new provider number; for technical assistance with MMIS changes, please refer to: <http://www.dhs.state.or.us/spd/tools/mmis/index.htm>

1. Start with the Service Plan in ACCESS
  - End old service plan with the end effective date
  - Create new service plan with new provider number new effective date. (No need to change the end date.)
2. Integrate with a change – and don't forget to change the Need Resource to the new provider #.
3. Do a live update in UCMS
4. Go to MMIS
  - to POC/Search with client prime number
  - select current POC line item
  - end the current POC with 03/31/2010 end date (On the Line Item NOT Base Info) and save
  - select same line item and then go to "Add" button on the line item

- then create a new POC with the effective date and new provider number and save (You will need to go through the regular process of adding a new POC).  
Hopefully you will see – “Save Successful” and you have updated your POC with the new provider #.

**Reason for Action:**

MMIS provider number is changed due to Nursing Facility change of owner/operator.

**Field/Stakeholder review:**                     Yes             No
