Message: The Child Foster Care (CFC) provider training videos, handbook, and trainer guidelines have currently been made available to region and county certifiers. The training materials have been developed by DHS in collaboration with region/county/ DHS-SPD partners over the last year and half. The training videos & materials provide the regions/counties a resource for training of potential child foster care providers and case managers. DHS-SPD is not requiring the use of the CFC training videos and backup handbooks. However, hours accrued by foster providers through the viewing and discussing of this material with provider’s certifiers will be accepted by DHS-SPD. County Developmental Disability Program Managers, please forward this communication to case managers and regional staff you feel should have this information.
