Providers, SPD DD Regional
Coordinators, |

Message: Beginning July 1, 2010, eXPRS will implement a system feature called "claim modifiers." This feature will enhance how providers submit claims in eXPRS; it will enable providers to identify the claim type, as a regular claim or an absence (aka: bed hold) claim, by use of a claim modifier code.

Since this is new functionality for eXPRS and providers, SPD is holding special training sessions in July 2010 to teach providers how to use this new claim modifier feature when submitting claims in eXPRS.

The training sessions will be two (2) hours, and will be held at the DHS Cherry Ave Training Center in Salem. There are multiple sessions available on a date, so select and register for only the session time you wish to join. Each participant will have access to a computer to practice submitting claims with the new claim modifier codes and will need to bring their eXPRS user ID and password to the training to access eXPRS to practice.

There is a limited participant space in each session.

REGISTRATION IS REQUIRED

**To register for a Claims Modifier Training session,
please go to the DHS Learning Center website:**

<https://dhslearn.hr.state.or.us>

If you have never registered for a course via the DHS Learning Center before, you will need to create a user profile to do this. Please go to the website above, and follow the instructions under “**Welcome to the DHS Learning Center**” on the main Learning Center login page.
