Message: In July, several webinars were offered to APD/AAA local office staff on Medicaid Long Term Care (LTC) case management services and the new State Plan K-option. Case managers that have not attended a prior session need to sign up for one of the two make-up sessions listed below. Attendance is **mandatory** to ensure staff are trained and in order to be in compliance with the Center for Medicare and Medicaid Services (CMS), with an expectation of completion of staff training by 8-31-13.

The focus of this training will be to provide the following:

- Why the new K-option when we already serve individuals through the existing Medicaid LTC programs.
- Discussion on the relationship between the existing Medicaid LTC services and the new State Plan K-option home and community based services.
- Case management role and responsibility with the Medicaid LTC and K-option services.
- OACCESS changes and documenting requirements.

Please contact Suzy Quinlan, Christina Jaramillo or Jane-ellen Weidanz of APD Central Office for staff that are unable to attend.

To receive credit for attendance at a webinar, please register in the Learning Center and at the gotomeeting website.
