Message: APD has developed new coding which will allow case managers to create Service only (OSV) cases for consumers whose underlying Medicaid eligibility is based on a Modified Adjusted Gross Income (MAGI) Medicaid program. This new coding will allow APD/AAA staff to administer the service portion of an individual's case, while OHA administers the Medicaid portion.

To assist in learning this new coding, a netlink presentation is being offered on **11-10-14, from 1:00-3:00**. Additional netlink presentations and transmittals may be provided at a later date.

Please register for this netlink through the [DHS/OHA Learning Center](#) web site, course # **C04480**.

This netlink is for all APD/AAA staff that code or case manage MAGI eligible individual receiving services. Due to limited registration slots and Netlink session availability, this training is restricted to APD/AAA staff.
