Message:

The Department of Human Services (DHS) is making a system change to state and federal coding to receive the appropriate Federal Match on claims previously paid through the Medicaid Management Information System (MMIS).

When the coding change has been completed, Long Term Care Community Nurse (LTCCN) Providers may receive new ICN numbers for all claims that were previously paid. **Please note that this will require no action by the LTCCN Providers.**

This informational memo will also be made available on the Long Term Care Community Nursing website:
