Message:

APD had planned to implement coding changes on Monday, May 4, 2015. These changes are designed to allow staff to manage APD/AAA administered services for MAGI eligible individuals. Late in the week of April 26th, we discovered some errors that we believe require resolution before implementation. As a result, the implementation has been delayed.

At this time, we are uncertain of the new implementation date. Additional information will be provided to APD/AAA field staff regarding an updated implementation date.
